

For use in  
various soldering  
applications

## CORED SOLDER WIRE

High electrical  
reliability

Environmentally  
friendly

Meets  
compliance  
standards

Meets  
compliance  
standards

### ALPHA<sup>®</sup> Telecore HF-850

Halogen-Free, Halide-Free, No-Clean, Cored Solder Wire

- Rapid wetting enables its use in drag soldering, robotic soldering and hand soldering applications
- Very low flux spatter
- Very low level of fumes
- IPC J-Std 004B designation is ROL0
- Environmental compliance and high electrical reliability
- Clear non-tacky residue
